

Lou Dennis Community Park Brick Fundraiser

Build the Park

The Town of Newburgh is renovating the Lou Dennis Community Park to better serve the needs of the community. The renovations will take place in three phases with the first phase, already in progress, including a splash pad, playground, a new basketball court, increased restrooms, a rentable event space and additional parking.

By purchasing a brick you become a permanent part of Lou Dennis Community Park and help continue to raise funds for the next phases.

The bricks will be placed under the newly constructed walkway that leads to the splash pad and playground.
