

## Allen Family Amphitheater Buy-A-Brick Fundraiser

*Give a gift to last a lifetime!*

A Newburgh riverfront amphitheater has been in the Town of Newburgh Parks Master Plan for years. It is exciting to see this project move forward. The stage will be approximately 47' front width x 32' depth. The Little Red Brick House will be repurposed as a ticket booth and concession stand. The seating is terraced concrete and grass that will accommodate lawn chairs or sitting on the concrete edge. In a later phase, a service building will be added to the east containing bathrooms and storage.
